UX/UI DESIGNER

16+

Years of exp

in

Bē

To utilize my expertise in UX/UI design to create **meaningful** and **impactful** experiences for users through modern and innovative designs.

UX/UI DESIGNER

IBM iX, Bangalore (Feb 2020 – Present)

- Conducted user research and gathered feedback to inform design decisions.
- Designed user interfaces for web and mobile applications using Sketch and Figma.
- Developed wireframes, prototypes, and visual designs for various projects.
- Collaborated with developers and product managers to ensure designs were implemented accurately.
- Conducted usability testing to evaluate the effectiveness of designs and make improvements.

DESIGN LEAD

Twilight IT Solutions, Puducherry (May 2017 – Feb 2020)

- Led a team of designers, fostering a collaborative and creative environment to inspire innovation and ensure high-quality design output.
- Collaborated with stakeholders, product managers, and cross-functional teams to define design goals, project scopes, and timelines.
- Conducted user research, usability testing, and competitive analysis to inform design decisions and ensure user-centric solutions.
- Led the design process, overseeing the creation of visual designs, interaction design, and prototyping.
- Developed and maintained a design system to establish visual and interaction design patterns, ensuring consistency and efficiency across projects.
